“For once it’s a pleasure to write a cheque.”

Below are 3 photographs of Kath's shoes that Ron, her husband, bought for her on 27.7.98, she returned them for repair on the 29.10.09. She is still wearing them on a regular basis today.

"You make them too well Alan, you do yourself out of business."

From £440 my Shoes, Shandals and Rope Soled Slippers are not cheap, but with every pair comes your own personal Shoemaker, whose intent is to heal, strengthen and empower you with a pair of beautiful shoes. Made to Measure you have a choice of vast range of colours, leathers and fabric.

Visit my home studio here on the coast of Cardigan Bay in West Wales, at the mouth of the river Arth and I will welcome you and give you a personal service second to none. You will not get this kind of intention or personal service from a Shoe Shop Assistant selling cheap, non-repairable, plastic, throw-away manufactured shoes made by the 23 billion pairs a year.

Also, you are not just buying a pair of shoes, you are investing your money in the health and strength of your feet, ankles, knees, hips and your future mobility and vitality.

Stock prices.

While my stock of shoes and Shandals are small, I try to have pairs in every size, in every width, so that potential clients can try them on for fit.

If I don't have a pair in your size, then I will make a pair so that you can try them on for a fitting. If they fit and you want them, then I charge the full Made to Measure price.

Stock Prices reflect a simple, quick transaction between you and me - they fit, you buy them.

I do have a few pairs in Stock that are cheaper and some that are more, like Brogue Shandals and a few that cost even more, like my one-off Rope Soled Slippers and Art Pieces.

I make Shoes and Shandals up to size 14 and in half sizes.
